

Curbside Recycling Collection

Recycling pick-up is once a week and coincides with your regular garbage collection day. Recycling is picked up only at the curb in 65 gallon recycling carts provided by the Village. **Carts must be placed close to the street with the handle facing your house.** All recycling must be ready for collection no later than 7:00 am the day of collection. All recyclables listed below may be placed together in the provided cart, there is no need to separate items. Any Items in white/black plastic bags will not be accepted.

Paper

- * Newspaper (and all inserts), direct mail advertising
- * Office paper
- * Magazines, catalogs and phone books
- * Cardboard (must be flattened—can be cut up)
- * Chipboard (flattened cereal, tissue boxes, paper towels, toilet paper rolls, shoe and food boxes)

Not accepted

- * Tyvex paper
- * Silicon paper
- * Photos
- * Wax paper
- * Tissue papers
- * Foil-lined paper

Cans and Foil

- * Steel (tin cans and bi-metal cans), empty aerosol cans
- * Aluminum beverage and pet food cans
- * Clean aluminum foil pans and containers

Not accepted

- * Scrap metal
- * Cookware
- * Lids, (plastic or metal) not accepted

Glass

- * All colors of glass bottles and jars (no lids). You do not need to remove labels.

Not accepted

- * Ceramics
- * Window glass
- * Mirrors
- * Drinking glasses
- * Crystal, light bulbs, Pyrex

Plastic

- * The Village Recycling Contractor will collect plastics labeled #1 and #2, which make up 85 to 90 % percent of the plastics used today. Our Contractor usually accepts other numbers (3, 4, 5, 6 and 7) and recycles them as market conditions allow.

If you have any questions regarding your recycling collection service, please contact Lakeshore Recycling Systems directly at 773-685-8811.

Household Hazardous Waste

The Village cannot accept certain items classified as household hazardous waste, which includes oil based paints, certain cleaners, solvents, chemicals and products that contain hazardous materials.

The following long-term facilities are available for disposal of HHW. Contact the long-term facilities ahead of time to determine availability and open hours. For questions concerning the IEPA's one-day or long-term collections, please call the Waste Reduction Unit at (217) 785-8604.

Chicago Household Chemical Recycling Facility

1150 N. Branch Street
(312) 744-7606
Tuesdays: 7:00 am to 12:00 pm
Thursdays: 2:00 pm to 7:00 pm
1st Saturday of month: 8:00 am to 3:00 pm
NO LATEX PAINT
Also accepts propane tanks.

Naperville Fire Station #4

1971 Brookdale Road
9:00 am - 2:00 pm
Saturday and Sunday
NO LATEX PAINT
(630) 420-4190

Rockford Rock River

3333 Kishwaukee
8:00 am - 4:00 pm Sat
12:00 pm - 4:00 pm Sun
NO LATEX PAINT
(815) 387-7400

Solid Waste Agency of Lake County

By appointment only on second Saturday or fourth Monday of each month
1311 N. Estes Street, Gurnee (847) 336-9340
(847) 336-9340

Although the IEPA's contractors do not accept auto batteries, propane tanks, or fire extinguishers, co-sponsors may elect to contact a vendor willing to set up and accept these materials on the day of the collection event. Contact the IEPA at (217) 785-8604 to verify materials being accepted.

Unable to attend a collection?

Household Batteries

Common household alkaline batteries are no longer accepted at IEPA-sponsored Household Hazardous Waste events due to their benign nature and high recycling costs. On the other hand, rechargeable batteries contain heavy metals which pose a threat to our environment and have a marketable recyclability.

What type of batteries will be accepted?

Household Alkaline Batteries—AA, AAA, C, D & 9V
Rechargeable Batteries—NiCad, NiMh, lithium ion, lithium polymer.

What type of preparation is needed?

All rechargeable batteries (Lithium, NiMh, and NiCad) must have masking tape on contact points or be contained in an individual self-locking plastic bag so that the contact points on batteries do not touch each other

Monday—Friday
8:00 AM—3:30 PM**

during collection or transportation which can cause a fire hazard. This is not necessary with household or alkaline batteries.

Compact Fluorescent Light Bulbs (CFL)

Even though there are environmental benefits, each CFL contains a small amount of mercury sealed within the glass tubing, an average of 5 milligrams (approximately the size of the tip of a ball point pen). It is environmentally prudent to recycle CFLs rather than throw them in the regular garbage.

What type of bulbs will be accepted?

This program is for CFL bulbs which come in a variety of shapes and sizes. We will also accept 4 foot fluorescent light bulbs as well.

DO NOT contaminate the containers with incandescent bulbs! Incandescent bulbs do not contain mercury and may be placed in the regular trash for weekly pick-up.

Holiday Lights

All holiday string lighting and extension cords can be dropped off, free of charge, annually from November 1 to April 1.

Household batteries, fluorescent light bulbs and holiday lights can be dropped off in the vestibule at the Public Works Service Building Monday thru Friday, 8:00 to 3:30 pm.

Electronics Drop Off

The Electronics Produce Recycling and Reuse Act prohibits the disposal of residential electronic items in landfills. To assist Glencoe residents the Village provides a drop-off location for residential electronic recycling. Residents may drop off electronics, by appointment only, free of charge as follows:

Glencoe Public Works Service Building
325 Temple Court
Wednesdays from 1:00 PM—3:00 PM

TO SCHEDULE AN APPOINTMENT CALL
847-835-4134

The Solid Waste Agency of Northern Cook County

What type of electronics will be accepted?

- | | |
|----------------------------|-------------------------|
| * Televisions | * Monitors |
| * Printers | * Electronic keyboards |
| * Computers | * Facsimile machines |
| * Videocassette recordings | * Scanners |
| * Video game consoles | * Small scale servers |
| * Electronic mice | * Cable receivers |
| * Digital converter boxes | * Satellite receivers |
| * Video disc players | * Digital music players |
| * Digital video recorders | * Phones |

For a full list of acceptable electronics check our website at villageofglencoe.org

Cell Phones and Ink Jet Cartridges

Cell phones, empty ink jet cartridges, eyeglasses, hearing aids can be dropped off in the vestibule of the Public Works Service Building, located at 320 Hazel.

For more information on our recycling program please call (847) 835-4134, or for general information on Cook County recycling visit the swancc.org website.

Prescription Drugs and Sharps Disposal

Recent research by the U.S. Environmental Protection Agency and the U.S. Geological Survey revealed that there are a substantial amount of antibiotics and steroid hormones in rivers, lakes, and wells caused by people flushing medications down a toilet or down a sink drain. Additionally, sharps can cause needle-sticks and health issues if thrown away in the garbage or put in the water system.

**Village of Glencoe
675 Village Court
(847) 835-4111
Wednesdays
8:00 AM—4:30 PM**

Where can you dispose of these items?

Sharps disposal can be dropped off at the Village Hall on Wednesdays from 8:00 am—4:30 pm. Unused prescription drugs and medications can be dropped off at Public Safety Monday through Friday.

- This is a self-service program. Residents place their own items in the SWANCC bins; **Village staff do not handle medications or sharps.**
- Sharps (syringes, needles, lancets) must be in proper containers. A rigid, transparent container from home is acceptable, or pick up a free container from Village Hall.

Mercury Thermometer

Mercury poses health risks to humans, especially young children and animals, depending on how much has entered your body, how it has entered your body, the length of exposure and your body's response to the mercury.

Products containing mercury should be replaced with safer alternatives, whenever possible, to cut down on potential health risks. Thermometers containing mercury can be dropped off Monday thru Friday, 8:00 am—3:30 pm in box marked "Thermometer Disposal" in vestibule of the Public Works Service Building.
