## **VILLAGE OF GLENCOE COMMUNITY SATISFACTION SURVEY**

The Village of Glencoe has issued a community-wide survey to gain valuable feedback about residents' satisfaction with Village services. The Village will use feedback from the survey to help identify opportunities to improve services, and to help shape the Village's future budgetary and policy priorities. The Village is working with a survey consultant, ETC Institute, to complete the survey.

Your opinion counts! Remember to submit your responses soon. All residents have the opportunity to complete the survey by mail or online (one response per household). For more information visit the [Village website's Community Survey page](#).

### **Home and Vehicle Security Reminder**

This is a great opportunity to remind residents to secure their homes and vehicles. As the season changes, darkness arrives earlier, and crime often accompanies the longer periods of darkness. Please be sure to secure your home and prepare for emergencies – lock doors and windows, use interior and exterior lighting to illuminate your home, and ensure your home address is visible from the street in the event of an emergency at your home. Surprisingly, while conducting house watches or responding to burglar alarms, Public Safety Officers often find that houses are left unsecured. In addition, emergency medical services can be expedited if the house number is visible from the street and if lights are illuminated during the overnight hours.

Unlocked vehicles and locked vehicles containing visible valuables make easy targets for criminals. Please store valuable items in hidden or locked compartments, and ensure your vehicle is locked whenever it is left unattended.

These simple precautions will help ensure your safety as well as protect your property, and should always be a priority. Public Safety Officers will make you aware if they discover any unsafe or unsecure conditions related to your property via a Service Observation form.
