GLENCOE VILLAGE BOARD APPROVES FISCAL YEAR 2019-2021 STRATEGIC PLAN

(Glencoe, Illinois)—Following a multi-month strategic visioning process, Village Trustees unanimously voted to approve the Fiscal Year 2019-2021 Strategic Plan (for March 1, 2018-February 28, 2021) at the April 19, 2018 Village Board meeting.

“I am proud of the process we undertook to develop this Strategic Plan,” said Village Manager Philip Kiraly. “Feedback from the Village Board was thoughtful and staff members from across the organization did a remarkable job of incorporating that feedback into actionable projects and initiatives. I believe that the new Strategic Plan is capable of guiding the Village as we work to ensure that Glencoe remains the community of choice in the Chicago metropolitan area for decades to come.”

The Village Board and staff embarked together on the most recent new strategic visioning process in the summer of 2017. The resulting Strategic Plan builds on the Village’s first Three-Year Strategic Work Plan, adopted in the fall of 2014. As part of the Strategic Planning Process in 2014, the Village Board identified six strategic priorities – financial sustainability, infrastructure replacement, community engagement, commercial vitality, operational effectiveness and organizational development. These six strategic priorities were used as pillars throughout the recent strategic planning process, and environmental sustainability was further identified as an underlying value inherent to each of the priorities. As part of the more recent strategic visioning process, the Village Board also adopted a new strategic vision statement and four new strategic goals focused on governance, services and infrastructure, economic development and staffing.

More information on the strategic visioning process, a comprehensive State of the Village Report developed to help guide the process and the full Strategic Plan can be viewed on the Village’s website at www.villageofglencoe.org/strategicplan.
