

# VILLAGE OF GLENCOE DEPARTMENT OF PUBLIC SAFETY

“One of my most memorable traffic stops was when I pulled over a driver for swerving. I suspected potential drunk driving but the driver was experiencing a medical emergency. Because of my training as an EMT I knew to call for help and was able to assist until the ambulance arrived.”

## Meet Public Safety Officer Ryan Harrison.

While only a few years into his career with the Village of Glencoe Department of Public Safety, Officer Harrison is already an advocate of fully-crossed trained departments. He has been able to draw parallels from his police, fire and EMT training – such as the importance of establishing safety when first arriving on scene.

He puts his skills to good use through a local alarm system task force that provides mutual aid in instances of riots or protests – a role that demands a strong understanding of scene safety.
