**“I am always eager to complete additional training because I see the extra education and certifications as more ways to help people in need or crisis.”**

## **Meet Public Safety Officer Andrew Zarate.**

Prior to joining the Village of Glencoe Department of Public Safety, Officer Zarate was already serving as a sworn police officer in another jurisdiction. He applied with the Village of Glencoe, because he was ready to take on the extra challenge of also serving in fire and EMS roles.

His newest endeavor is undergoing technical training to become a certified paramedic – so that while serving on fire shift he can do more for those who need urgent medical care.
